

Droplets Of Love Foundation

Vision

Our vision is a leading organization in the management of development initiatives that generate well-being and equity because we believe in human capacity when we have an opportunity for a more just and equitable world where people can have a dignified life covering basic needs..

FGDA proposes to have very high goals every day to have and achieve a greater impact in our communities with actions. We are transparent because we responsibly manage and use the means and resources available to us to fulfill our mission because we believe that effective and lasting solutions come from the efforts and capacities of the beneficiaries.

Sustainability

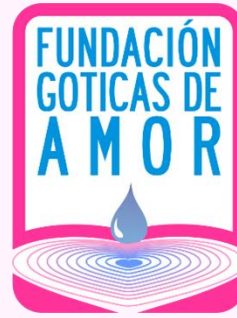

FGDA is sustainable because we empower people and companies so that their own initiatives, actions and resources can continue with their capacity, participating indefinitely in continuing to give droplets of love, replicating them for the betterment of Society.

Objective

The objective of FGDA is to channel social aid for a common good.

Purpose

To change lives, improving their quality by supplying the shortcomings and needs that people have in their daily lives. Such as their disabilities, illnesses, limitations and conditions in which they may be.

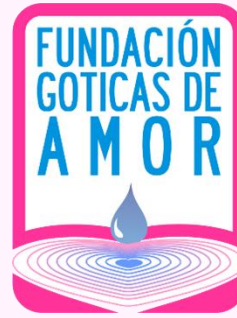

Description

Góticas de Amor Foundation is a spectrum of improvement channels from Miami, of different help supports for the United States and Latin America. We create and maintain a constant source of inspiration for the indigent population for aid that is received from people and entities that wish to join to grant sustainability and improvement resources.

Team Work

FGDA is led by Ximena Botero, a woman committed to impacting society by alleviating the scarcity of immediate needs that due to lack of economic resources that some abandoned or helpless populations have.

She is supported by different community leaders who serve the population we are targeting.

Target Market and Services

All those people who are "invisible" and live in extreme poverty or misery and do not have the opportunity that most of us have to support ourselves due to the lack of economic resources.

1. Migrants to the USA with urgent basic needs
2. Children, young people, the elderly or any family group in need of specialized personnel or medical equipment to improve their quality of life.
3. To fulfill the heart's desire (grant a wish) of a terminally ill child.

Immediate and Future Plans

- Create a reinforcement of people, communities and companies supporting us with recurring fund campaigns to be able to continue with our work.
- Make strategic alliances with companies that can supply products to continue helping these populations.
- Have a warehouse with a large capacity of space and vans to collect and store the “Goodwill” type of donations we receive.
- These plans are currently supported by people who voluntarily donate their valuable time, something that will continue to be an integral part of the sustainability and functioning of FGDA.

Dear Donor,

The goal of the Góticas de Amor Foundation is to serve the less fortunate. Over a third of the Latin American population lives in absolute poverty, hindering a healthy and productive life for this segment. Our mission is to channel social aids to meet the basic needs in Health, Nutrition and Personal Resources for the communities of Latin America. We are an organization committed to the most needed sectors.

We promote the right of people, especially children, the elderly and the vulnerable, in any situation, so that they can have a dignified life with equal opportunities initiating with a "Droplet of love" up to the crucial development of individual and collective opportunities as a means to transform society by eliminating poverty and increasing the level of quality. we also offer aids for migrants who enter the United States through the border, sometimes in risky conditions but always with a dream to fulfill. At the same time, we pay attention to the disabled to improve their physical limitations, something that is a moral imperative that concerns us all. We get devices for patients depending on their condition to make them more autonomous without sparing any effort in providing our support.

My reason for creating Droplets OF love Foundation was the inspiration my Mother taught me before her departure to heaven. With her generosity and her humanitarian service, she was fundamental in creating in me that conviction to serve. When being a mother was born withing my heart, I personally experienced the sufferings of illnesses in my daughters, including cancer and diabetes. I found it extremely difficult to gain access to good medical services. For these reasons, I focused all my goals on helping those less fortunate.

But We can't Do It Without you.

We want to make sure that the needs of the most vulnerable are addressed so no donation is too small and every investment has a big reward. Góticas de Amor is designated as a Charitable Organization, as described in Section 501(c)(3) of the Internal Revenue Code of the Internal Revenue Service. Your donation is income deductible for income tax purposes under Section 170. To donate by cash or check made out to Góticas de Amor Inc., please call our offices Telephone 305-965-7714 or send to P.O. Box #330365 Grand Ave. 3191, Miami, FL 33133. We also accept payments by Zelle, PayPal, Venmo, Google-Pay and Cash. Donations can be made online at www.fundaciongoticasdeamor.org

We appreciate your consideration and your generosity in advance. Your help and support can change lives in profound ways. With your help we can continue giving "Droplets OF Love"
